PROFESSIONAL SUMMARY

Recent Bachelor of Computer Applications graduate with hands-on knowledge of **HTML5, CSS3, JavaScript, and React.js** for developing responsive and user-friendly web interfaces. Built projects including CheyyarHub, a live React and Firebase web app, an Event Management System and an Online Hacking Gadgets Selling Management System. Seeking an entry-level **Frontend Developer** role to apply web development skills and contribute to real-world projects.

EDUCATION

Bachelor of Computer Applications – 76% <i>Adhiparasakthi College of Arts and Science</i>	Ranipet, Tamil Nadu 2022 – 2025
Higher Secondary Certificate (HSC) – 72% <i>Indo American School</i>	Cheyyar, Tamil Nadu 2020 – 2022
Secondary School Leaving Certificate (SSLC) – 72% <i>Municipal High School, Giritharanpet</i>	Cheyyar, Tamil Nadu 2019 – 2020

PROJECTS

CheyyarHub – Community web app (cheyyar-hub.vercel.app | GitHub)

- Built and deployed a React.js web application with Firebase Authentication and Firestore, hosted live on Vercel.
- Implemented secure **Google sign-in** so users can log in with their Google account.
- Stored and managed application data in Firebase Firestore.
- **Tech Stack:** React.js, Firebase (Authentication, Firestore), Vercel

Event Management System – Responsive frontend application

- Developed a responsive Event Management System to present event information in a clean and user-friendly interface.
- Used **semantic HTML** to structure webpage content and improve page organization.
- Applied **CSS3, Flexbox, and responsive design** techniques to create a consistent interface across screen sizes.
- **Tech Stack:** HTML5, CSS3

Online Hacking Gadgets Selling Management System – Web-based product management application

- Developed a web-based management system for displaying and managing product information.
- Implemented product listing and basic backend functionality using **PHP and MySQL**.
- Designed a clean frontend interface for presenting product details.
- **Tech Stack:** PHP, MySQL, HTML, CSS
